

Emil Kasper

📍 Vienna and Zurich ✉ kaspere@ethz.ch 🌐 emil-kasper

Profile

Computer Science student moving from TU Wien to ETH Zurich, with a focus on reinforcement learning, robot learning, and human-AI interaction. Experience spanning machine-learning research, software engineering, and robotics.

Experience

TU Wien Robotics Club , Machine Learning Engineer - Implementing vision-language-action models (VLAs) and world models for robotics tasks. - Leading the reinforcement learning division. - Building a chess robot that autonomously plays chess and moves the pieces.	Vienna, Austria Apr 2026 – present 5 months
IVIA Lab, ETH Zurich , Research Fellow (ETH SSRF) Supervised by Prof. Menna El-Assady. - Selected as one of 20 students from over 4,000 applicants for the ETH Student Summer Research Fellowship. - Working on explainable AI and human-AI interaction.	Zurich, Switzerland July 2026 – Aug 2026 2 months
Siemens , Software Engineer - Contributing to a test simulation framework for the European Train Control System (ETCS). - Implementing the autonomous train operation (ATO) mode in C# for test simulations. - Presenting and pitching to stakeholders from Norway, Germany, Belgium, and Austria.	Vienna, Austria Aug 2025 – June 2026 11 months
Institute for Human-Centered Technology, TU Wien , Teaching Assistant Course: Interface and Interaction Design. - Guiding students through the lifecycle of user-centered product development. - Providing feedback and grading for 45 students.	Vienna, Austria Mar 2025 – June 2026 1 year 4 months
Machine Learning Research Unit, TU Wien , Undergraduate Researcher Supervised by Prof. Clemens Heitzinger. - Investigating the convergence and stability of Q-Learning and Speedy Q-Learning. - Experimenting with PPO for robotic hand manipulation.	Vienna, Austria Aug 2025 – Apr 2026 9 months
European Student Assembly 2026, EUC Voices , Delegate - Representing the EULiST alliance at the European Student Assembly 2026. - Debating key issues and advocating for policy changes at the European level. - Writing policy recommendations on empowering inclusive digital literacy and building resilience.	Strasbourg, France Jan 2026 – Apr 2026 4 months
TU Wien Space Team , Frontend Developer - Contributing to the "Lamarr" project at the 2025 European Rocketry Challenge (EuRoC). - Building frontend tooling for rocket system control.	Vienna, Austria Mar 2025 – Oct 2025 8 months

Education

MSc ETH Zurich , Computer Science Accepted to start the Master's program in September 2026.	Zurich, Switzerland Sept 2026 – May 2028
BSc (Honors) TU Wien (Vienna University of Technology) , Computer Science - Four-year honors degree with a minor in machine learning. - Graduated with distinction. - Received merit-based scholarships.	Vienna, Austria Oct 2022 – May 2026

Research

Coming soon.

Skills

Programming

Python, Java, C#, HTML, CSS, JavaScript

Machine Learning

Model development and evaluation

Reinforcement Learning

Algorithms, use cases, and applications

Software Engineering

Git, Docker, Maven, REST APIs

Human-AI collaboration

shared-initiative interaction, explainable AI, human-in-the-loop

Generative AI

Prompting, API-based integration, prototype development

Languages

German

Native

English

Fluent

Russian

Fluent
